

EXTENDED WARRANTIES FOR YOUR ELECTRIC CORE RIGS!

As the leading producer of core drilling machines in the U.S. market, Diamond Products is proud to announce our new extended warranties on all Core Bore™ electric core drilling machines. These extended warranty programs come at an additional cost but are well worth the value we promise to provide. Here are the programs available on the best electric machines in the market from the company who is committed to doing **Whatever It Takes** to serve our valued customers.

What does a 3 Year Gold Warranty Provide?

Payment terms on the rig and warranty:

12 x 12 payment terms -12 equal payments on the rig and warranty.

The free service for your machine:

At any time during the 3 year warranty period, the machine may be returned to Diamond Products' Ohio plant for inspection and service of all major components at no charge on one occasion. This service inspection includes both the rig and motor. The free service will be provided once during the 3 year warranty period. Incoming transportation cost for this service will be paid by the customer while the return shipment will be paid by Diamond Products.

Loaner Program:

Diamond Products will provide a M1 Core Bore with CB748 motor loaner rig or Weka DK12 hand held loaner during the warranty repair period if needed by the customer and if approved by the Diamond Products Regional Sales Manager. The loaner will be shipped via ground freight. Air transportation will be the responsibility of the customer. The customer bears the responsibility of returning the loaner in good working condition. Any repairs needed due to abuse or misuse will be billed to the customer.

The warranty for 3 years against any defects in workmanship or defect:

Diamond Products warrants all electric core drilling rigs and components sold by it against defects in workmanship or materials for a period of 3 years from the date of shipment to the customer. The responsibility of Diamond Products under this warranty is limited to replacement or repair of defective parts at Diamond Products' Elyria, Ohio factory, or a point designated by it, of such parts as shall appear to us upon inspection at such point, to have been defective in material or workmanship, including the expense for ground transportation and labor at our Ohio facility. Any air transportation will be the responsibility of the customer. Cost of labor by the customer will be the responsibility of the customer. In no event shall Diamond Products be liable for consequential or incidental damages arising out of the failure of any product to operate properly to be determined by the Diamond Products return department. This warranty cannot be transferred from one end user to another if the rig is resold. The warranty can be transferred from an authorized Diamond Products distributor to an end user when the rig is sold as new. Extended warranties are not available outside the United States. Extended warranty must be ordered at the same time as new rig purchase. Extended warranties are valid only with purchase of new core rig and all parts included in a complete core rig. Core rig serial number is needed for warranty claim and used for reference on extended warranties.
